27th Annual Symposium on women’s health
Friday 1 December 2017

The Royal College of Obstetricians & Gynaecologists
Regent’s Park, London NW1 4RG

ACCREDITED BY THE FACULTY OF SEXUAL AND REPRODUCTIVE HEALTHCARE

Women’s Health Concern is the patient arm of the British Menopause Society
About BMS and WHC

The British Menopause Society (BMS), established in 1989, provides education, information and guidance to healthcare professionals specialising in all aspects of post reproductive health. This is achieved through an annual programme of lectures, conferences, meetings, exhibitions and our interactive website. We offer a range of publications including our quarterly journal Post Reproductive Health and the definitive handbook Management of the Menopause.

Women’s Health Concern (WHC), the patient arm of the BMS, provides an independent service to advise, reassure and educate women of all ages about their health, wellbeing and lifestyle concerns. WHC offers unbiased information – by telephone, email, printed fact sheets, online and through symposia, seminars, meetings and workshops, including Living and loving well beyond 40…!

Our Mission

- To increase awareness of post reproductive healthcare issues
- To promote optimal management through our educational programme, publications and information dissemination

As most British women can expect to live for thirty years or more beyond menopause, the consequences for immediate and longer term healthcare and lifestyle are significant.

Affiliations

The British Menopause Society is a specialist society affiliated to the Royal College of Obstetricians and Gynaecologists and the Faculty of Sexual and Reproductive Healthcare. Working together we have developed theoretical and practical training modules aimed at those healthcare professionals who regularly work in the field of women’s health.

Dr John Stevenson

Please note, sessions and speakers may be subject to change. This meeting is financially supported in part by the pharmaceutical industry through sponsorship but it has no influence over the meeting agenda.

*The late Dr Gerald Swyer was internationally recognised for his early work on the development of the contraceptive pill; the first endocrine and fertility clinics in London; and his pioneering research on hormone replacement therapy. He was chairman of Women’s Health Concern from 1980 until 1993, when Dr John Stevenson succeeded him. The Dr Gerald Swyer Memorial Fund was set up in 1995 as a lasting tribute to him.

### Gift Aid Declaration

I wish to make a donation of £__________ to support the work of WHC. Applying Gift Aid means that for every pound you give, we get an extra 25 pence from the Her Majesty’s Revenue and Customs, helping your donation go further. This means that £10 can be turned into £12.50 just so long as donations are made through Gift Aid.

- I want all donations I’ve made since 6 April 2000 and all donations in the future to be Gift Aided until I notify you otherwise.
- To qualify for Gift Aid, what you pay in income tax or capital gains tax must at least equal the amount we will claim in the tax year.
- The information you provide will be held under the Data Protection Act and may be passed to carefully screened sponsors.
  - If you do not wish to be contacted by them, please tick the box.

Name (as it should appear on your badge/certificate)

Please return this page to: **Women’s Health Concern, Spracklen House, East Wing, Dukes Place, Marlow, Bucks, UK, SL7 2QH.**

A donation to support the core services of Women’s Health Concern would be much appreciated. You can donate online at [www.womens-health-concern.org](http://www.womens-health-concern.org) or via [www.justgiving.com/whc](http://www.justgiving.com/whc). Alternatively you can make a gift aided donation on the day via cheque made payable to British Menopause Society Limited or in cash.
